### BEAUTIFUL CREATIONS IN PARADE PLEASED THROGS

#### Business College Takes First Prize in Its Class--Description of Floats

Wonderfully beautiful creations in float form were paraded through the streets this morning, on this, the third day of the 1910 Orange County Carnival of Products.

The parade told of the garden spots and flower beds that beautify the happy homes of the people of this valley, just as the products parade told the story of the productiveness of the soil and the wealth produced thereby.

There were many beautiful floats showing no end of labor and enthusiasm. The Rebekah and Torosa floats, the Odd Fellows statue, the commercial school float, the Japanese house, the girls on horseback—there were dozens of features to this parade.

The parade was led by Sheriff Lacy, City Marshal Edwards, Officer Cervantes, Grand Marshal C. E. Stone and the Santa Ana City Band. Dean Johnston, Rev. Stevenson, Charles Walters, W. J. Lindsay, H. A. Terwilliger and Nelson were escorts for the queen.

Queen Emeline I and her court of Orange county belles were greeted with applause along the line of march.

The Board of Supervisors followed in an automobile, and then came City Trustees Harris, McFadden and Thompson and City Clerk Tedford in an automobile covered with greenery and red carnations, bearing an American flag.

**Second Division**

Chief of the Second Division Andrade and Aides Beswick and Myers introduced the Class A floats, those of high schools and business colleges.

First came the Santa Ana Commercial High School float, entirely designed and constructed by students. This was a work of art. A banking house was represented, with patrons at the window, while bookkeepers and typewriters were busy in the office. Roses, cosmos, palms and ferns covered the body of the float and decorated the house structure. The Spanish department was represented by Fred Carillo, in Spanish costume, and a sign said: "Aqui se habla Espanol." The float took second prize.

**Business College**

The Orange County Business College, winner of the first prize, was a representation of a class taking the dictation of a teacher—Ben Reiland it was. The class consisted of a bevy of pretty girls, dressed in white, beneath parasols. Six black horses drew the float. Two boys escorted it. Six pretty girls on horseback as outriders held streamers of sunflowers. This float drew much applause.

The Andrist Academy of Music float, winner of third prize, showed an orchestra recital in progress, Mrs. Andrist at the piano, a large number of children playing stringed instruments. White and pink carnations on a field of plumosis fern covered the float, a very pretty creation indeed.

**Endeavor Float**

A float that attracted admiration was that of the Christian Endeavor Society of the Christian church. A beautiful pyramid of bougainvillias occupied the center of the float, seven young ladies dressed in yellow standing about it. The pyramid carried the letters of the society in orange, while an orange-colored anchor hung at the top. S. A. Milligan's team drew the float.

The "Welcome I.O.O.F." float that occupied a place in the products parade came next.

**W. C. T. U. Float**

The W.C.T.U. float was beautiful and emblematic of the union. It represented the children as the hope of the nation, for it is through them the hope of the extermination of the liquor traffic will be accomplished. Over twenty-five children were seated in pyramid fashion around the float, all dressed in white and waving a staff on which was tied a bow of white ribbon. On top of the pyramid was placed the world around, which the white ribbon circled, showing the white ribbon extended over the entire world. At each corner of the float stood four young ladies representing the Y's of Santa Ana and a large motto was placed in front of float, which read, "Tremble King Alcohol, We Will Grow Up." Five boys, dressed in white, on Shetland ponies, acted as outriders. They carried streamers extending from the float. One young lady carried a beautiful silk flag. The float was in white, trimmed in an abundance of plumosis fern, smilax and white flowers, and plumes were used on the horses.

Cyril Parker was the herald preceding the float, and the outriders

six grey horses in purple harness. The float was a mass of red geraniums trimmed in green, upon the summit of which sat little Marjorie McComber in white, carrying a white parasol.

Two floats used in the Carnival of Products came next, one occupied by little Doris Wheaton and the other by Miss Ida Oerlin, an attractive young lady in an attractive float.

The Japanese residents had a different float from that which they had in the first day's parade. It was artistic in the extreme, as things Japanese always are. In a little rustic bower elaborately trimmed with ferns and red, yellow and pink flowers, were two boys in green caps and green sashes, one holding an American flag. This float was drawn by two horses in yellow harness. Accompanying the float were two Japanese cavaliers in the armor of the old regime. This was a decidedly novel feature and attracted much attention.

**Third Division**

Langley's band led the third division. The fire wagon, with Chief Young and Driver Jackson on the seat, and Firemen Spangler, Kurtz, Towner and Lacy on board, came next. Deck and Dan, the team, were at their best. Carnations and ferns were massed over the wagon.

J. O. Forster and S. E. Talbert rode as aides.

**Prize Winner**

W. H. Freeman drove a two-seated rig with Miss Helen and Myrtle Cantwell and Edith Roger, the rig being covered with bougainvillias, showing a legend "Santa Ana for Me."

Isabel Anderson of Santa Ana, drove a black horse with harness wound in red and trimmed with asparagus fern. The buggy and parasol were also covered with asparagus fern decorated with red geraniums. Arvilla B. Ball rode with Miss Anderson. Both girls were dressed in white.

Miss Myrtle Butler and Miss Rachel Knapp took a prize with their "Garden Grove Belles." The rig was decorated in smilax and pink carnations, the young ladies sitting beneath a pretty bell.

"Four Generations of Orange County Products," was a carriage labeled that carried Mr. and Mrs. J. R. Congdon, first generation; Mrs. Harriet Cook, second; L. R. Cook, third; Glenn and Florence Cook, aged 6 and 2, fourth. Hybiscus decoration.

Mrs. E. H. Smith with a single rig decorated with sunflowers and epper boughs took a prize.

Franklin and Bert Adams of Santa Ana, rode in a little buggy decorated with ferns and flags. The buggy was drawn by a tiny spotted pony.

Harriet Schultz, aged 6, of Santa Ana, rode in a wagon trimmed in pink and decorated with green ferns. The wagon was drawn by a white goat in a pink harness. This was easily the most pleasing feature of the kind ever seen in a parade here.

Sunflowers and plumosis decorated Adella McDonald's auto. Riding with her were Viola LeBar, May and Josephine Salter and Edith Wilson.

The eighth grade of the Lincoln school, Santa Ana, had an auto driven by Jimmy Livesey, Jr. The machine was banked in asparagus fern and white daisies. A picture of Abraham Lincoln hung from the front of

**Beautiful and Original.**

The Young Ladies Travelers' Section of the Ebells Society produced a wonderfully attractive float. A tall, ho was made to represent a garden, a gate in gold being reproduced at the rear of the coach. Two dainty winged fairies, little Misses Julia Bruner and Jean Wilson, overlooked the garden, in which sat Misses Montgomery, Kirk, Wells, Medlock, McFadden and Barnes, and Mesdames Walker, Stedman and Rutherford. A feature of the float was the "E Bell." An E in white in green asparagus and pink Tacomas, and below it hung the Bell, likewise constructed.

In an auto banked in green and red and covered with American flags rode a number of G.A.R. men in uniform. Along the sides of the auto was a sign reading, "The Old Boys of 1861." The veterans who rode in the auto were Capt. L. R. Williams, A. B. Markle, S. O. Lewellyn, H. A. Todd and Jacob Kretzer all of Anaheim.

**"Garden Grove, the Home Town"**

Garden Grove had a float that showed careful thought and preparation. A complete house painted white and covered with climbing roses was surrounded by a white rail fence all around in roses. The yard in front of the house was laid out in lawn through which ran a gravel walk. Pine, palm and other shade trees were apparently growing from the lawn, and altogether Garden Grove, "The Home Town," had a float that reflected great credit upon those who had it in hand.

The Macabees' float, representing "Protection," carried a number of little girls, with Mrs. Edwin Irving. Red geraniums were used in decoration.

The Elks had a huge clock on a ground of white plumes, the hour of the clock showing 11. Four big elks' heads held the corners. "B.P.O.E." appeared in purple.

Buena Park's float was drawn by

## Portuguese People Exile Royal Family

### Reports From Interior Are Favorable To Republicans--Monks Resist Capture to the Death

LISBON, Oct. 8.—The Portuguese republic today proclaimed an order banishing King Manuel, the queen mother, Amelle, the Dowager Queen, Maria Pia, and the Duke of Oporto. It was learned today that the Duke of Oporto was captured during the fighting and was escorted to the sea coast where he was placed aboard the royal yacht Amelle. The banishment decree is most strict.

President Braga insisted today that reports from the provinces are most encouraging for the Republicans. Details of the capture of the Quelpos monastery are arriving. The monastery was besieged for two hours with field artillery, the monks fighting desperately with small arms, and sustaining heavy losses. Reports say that twelve monks were killed and half a hundred wounded. The Republican losses were slight.

**RUMOR THAT MANUEL WILL FIGHT FOR THRONE**

LONDON, Oct. 8.—An unauthenticated dispatch from Gibraltar says Manuel has sailed for Oporto, where he will attempt to rally an army and try to regain his throne.

**CONDITIONS ARE GROWING NORMAL UNDER REPUBLIC**

LISBON, Oct. 8.—Under the regime of the new republic, life in this city is rapidly assuming its normal aspect. Groups of soldiers here and there, the crumpled ruins of the palaces of the king and the flag of the new republic waving everywhere are the only visible evidences of the stirring events of the past few days. Today hundreds of shops were opened

again, the banks resumed business and street car service was partly restored. The new government is exerting every effort to quickly re-establish tranquility and is apparently succeeding.

A similar condition of affairs prevails at Oporto and the other cities where the republic was proclaimed.

**MINISTER GAGE CABLES ORDER IS RESTORED**

WASHINGTON, D. C., Oct. 8.—Henry T. Gage, American Minister at Lisbon, cabled the following to the state department today:

"Unusual quiet prevails. The loyal cabinet has surrendered its portfolios. The Lisbon military commander has ordered all merchants to open their stores. The populace is apprehensive, but orderly."

**MANUEL SAID TO HAVE ATTEMPTED SUICIDE**

LISBON, Oct. 8.—The Secol, a Republican newspaper, asserts that King Manuel tried to commit suicide at Mafra after his flight from Lisbon, but was prevented by his mother.

It is reported that Manuel, on Thursday assured Governor Hunter he felt confident he would regain the Portuguese throne, believing the majority of the army is still loyal.

LONDON, Oct. 8.—A news agency dispatch from Gibraltar reports that King Manuel is slightly wounded.

## GRAND BALL FINE AFFAIR

Brilliant Spectacle Presented  
by Elegantly Gowned Ladies  
and Uniformed Men

The much talked of I. O. O. F. ball given in honor of the 56th annual session representatives to the Grand Encampment and Cantonment, was held last night at Spurgeon's Hall and was the climax of the many delightful events of this week for the encampment visitors.

The grand march opened at 9 o'clock after the announcement of the awards made in the competitive drill of the cantons held last Wednesday.

Escorting the march, which was an unusually brilliant spectacle owing to the handsome uniforms of the Chevaliers of the cantons, matched by the beautiful gowns of the ladies, was the Grand Marshal followed by Grand Patriarch S. B. Force and Miss Pierce, daughter of Past Grand Representative Pierce of Los Angeles, who headed the line of dancers. Following them were the members of the encampment and their partners, the line of march being so crowded that often three couples marched abreast in the various evolutions. It was a happy throng and the spectators were favored in watching the spectacular parade.

Langley's orchestra furnished music of the sort that set everybody's feet to the rhythm of the dance and only the limited capacity of the hall prevented everybody in the immense company being on the floor at the same moment.

Right royally did the ball proceed with the added stimulus of the presence of Queen Emeline I and her entourage, arrayed in the elegant gowns that graced the coronation event. The court ladies did not participate in the dancing, but Her Majesty and her ladies were kept busy receiving the homage of the hundreds present.

The Odd Fellows and Rebekahs of Santa Ana vied in making the event a memorable one for their visitors and their hospitable efforts were amply repaid by the evident enjoyment of the guests. The closing ball of the week, so specially designed for the visiting encampment, was not only a brilliant social function, but was the crowning courtesy of the many tendered by the hosts and hostesses of the state meet. It will not soon be forgotten by those for whom it was given, nor by their entertainers.

**Smart-Set Language**

"Do you like it?"

**SOME WOMEN OPPOSE SUFFRAGE MOVEMENT**

LOS ANGELES, Oct. 8.—In spite of the Political Equity League and the flourishing condition of the Votes for Women Club, and the undoubted popularity of the suffrage movement, there are women in Los Angeles who really do not want the ballot. They are so alarmed at the danger of women being allowed to vote that they are secretly working to organize an anti-suffrage league.

Mrs. George White Field of New York City, and Mrs. A. G. L. Trew of Los Angeles, are among those active in the movement.

## TIMES BLOWN UP SAYS COMMITTEE

### Report Made By Alexander's Commission on the Re- cent Disaster

LOS ANGELES, Oct. 8.—Mayor Alexander's commission appointed to probe the Times disaster, officially reported today that the disaster resulted from a nitro-glycerine, or a nitro-glycerine product, explosion, which was "placed in a highly effective position in the alleyway between the sections of the Times plant."

The committee report is unanimous. It says:

"Your committee examined witnesses run down rumors and reports, and investigated the Times building debris. We are of the opinion that the building was destroyed by a high explosive force."

The investigators located the explosion center at a point thirty or thirty-five feet from Broadway, in a covered passageway at the north wall of the building. The report was submitted to the city council.

**CLEWS LEADING NOW TO LOS ANGELES**

LOS ANGELES, Oct. 8.—The search for the Times dynamiters centered in Los Angeles today. Earl Rogers arrived on the "Lark" from San Francisco this morning. He went home immediately, refusing to talk.

Earl Rogers, attorney, said this afternoon:

"We have covered the Times dynamiting in the north thoroughly. As a lawyer I will say I never saw a case so well gathered together as this is up there. If we catch the man or men I'll give \$25,000. Ad man or men, we will have an absolute cinch as to circumstantial evidence. In San Francisco we were hampered continually by the papers. If we sent out a man, we were forced to send another elsewhere to give the reporters the wrong scent. I will remain in Los Angeles till Monday anyhow. I believe we are near finding the dynamiters."

**RAILWAY SAYS TO HAVE SAFETY APPLIANCES**

WASHINGTON, Oct. 8.—Definite standards of safety appliances to be attached to railway cars and locomotives finally have been agreed upon after nearly a third of a century of effort.

The agreement was reached by a committee appointed last week by the Interstate Commerce Commission after a two days' hearing.

The committee consisted of fifteen men, equally divided between representatives of the operating departments of railroads, safety appliance inspectors of the commission and railroad operatives.

GUATEMALA CITY, Oct. 8.—Foreigners are fleeing in terror from Amapala, Honduras, following the imprisonment of English men and Americans, and the seizure of their property by the city commandants' order last night.

The jailing of the foreigners is believed to be equivalent to an execution. The prisoners are charged with fomenting a revolution. Anarchy prevails, and the authorities are not attempting to stop the pillaging.

**"DEATH TO TAFT DOGS"**

IS HONDURAN SLOGAN

NEW ORLEANS, Oct. 8.—Private cables state that Americans in Honduras are cabling to Washington to dispatch warships. "Death to the Taft dogs," is the Honduran's slogan, as a result of suspected interference by the Americans in Honduran affairs.

The Princeton sails at 3 o'clock this afternoon. Other governments have received requests to send ships and an allied fleet will soon reach Amapala. British and French ships are nearest the scene.

WINNER, Wis., Oct. 8.—Sheriff's deputies engaged in a pitched battle at noon with John Dietz and son Leslie at the Cameron dam, probably fatally wounding Dietz, also wounding the son. As the father and son succeeded in getting back into the cabin where the family has defied the sheriff for five days. The extent of their injuries is unknown. At 10 o'clock morning Dietz left the cabin, walking toward the deputies, who demanded his surrender. Dietz turned and ran, the bullets raining around him. Kneeling he about faced, emptying his revolver after the deputies. His son joined him with a Winchester, the fighting lasting for several minutes. Leslie dragged his father into the cabin and was wounded as he reached the threshold. The mother, disregarding the flying bullets, dragged both to safety. "Your committee on courtesies and privileges beg leave to submit for your consideration the following report:

"First, we wish to express, through you, our earnest and heartfelt thanks to the committee of arrangements for their very successful efforts in providing comfortable quarters for the officers and chivaliers. The arrangement of the camp ground and the furnishings of the tents were the best, by all odds that has ever been provided at any of our annual conventions. After a long and tiresome journey, it was certainly a cheering sight to see a clean, comfortable bed."

"We understand that the sisters of the Rebekahs came down and arranged and made up these beds, and their neat appearance certainly showed that our good sisters were earnest in wanting to make Camp Ritter one to be remembered. We desire to thank these ladies especially, and to express the hope that their example will be followed in all the future years that we meet. We might add more to this feature of the report, for the reason that we have never had anything as good, but will conclude by saying: 'Well done, we thank you.'"

Third, for the citizens of Santa Ana, who have generally assisted to make the occasion a grand success, we extend thanks, and in departing we carry with us most pleasant recollections of your hospitality and leave with you our best wishes for the prosperity and upbuilding of your delightful community."

## INVITATION IS EXTENDED

Garden Grove has done herself proud at Carnival. The improvement association boosters are handing out slips of paper bearing the following:

Garden Grove—On the Pacific Electric, five miles from Santa Ana, 25 miles from Los Angeles. Garden Grove is here with an invitation to you to carefully inspect her booth in the Exhibition tent, and with a hearty invitation to you to visit Garden Grove and its fertile surrounding country.

No place in the county is developing faster. The ranchers are prosperous. Their fields can and do produce anything that grows anywhere in Southern California. On the booth are displayed eighty-five varieties of products. Think of that! Eighty-five different varieties of produce grown at a profit.

The ranchers are prosperous because their fields are fertile and water cheap. Pumping plants are in operation everywhere, and water is turned onto the crops at as little expense as anywhere in the county.

Just as a sample of the amount of shipping done from the section, it may be said that an average of 900 dozen eggs per day go to market, two carloads of chili peppers in season, a tremendous yield of sugar beets, corn, alfalfa, melons, pumpkins, etc. See the booth for what is grown at Garden Grove.

## CORPORAL CRASHAW CARRIES CHALLENGE

Santa Ana Man Won Boxing Try-outs—Regiment on Hike

CAMP ATASCADERO, Oct. 6.—Boxing tryouts of the camp were held after drill on Wednesday and when the final winner was picked Corporal Crashaw of Santa Ana was found to be winner. He stands with a challenge to any man in the Seventh Regiment. Yesterday afternoon the regiment was sent out on a hike over the hills for twelve miles, arriving at camp at about 4:20.

Sergeant McGuire, left guide of the company, when he goes out on the morning drill, frequently gets up against the "big guns," as he expresses it, but it is a hard thing to get ahead of the "old campaigner."

"Colonel" Eckman and the "old campaigner," Sergeant McGuire, are posing for the moving picture men, and perhaps the people of Santa Ana will have a chance to see them on the screen at a Santa Ana theater.

This morning's drill was battalion drill, and Lieutenant Worden, who was in charge of Company L, gave the company a few words of praise.

Private Crisp is troubled with poison oak in the right eye, which hinders his sight seeing.

Private Frye has finally mustered up enough courage to get a shave without being scraped.

Privates "Mickey" McGuire, "Scrubby" Rogers and "Ted" Shaw endeavored last evening to get on the sick list by going over to the Y.M.C.A. and eating a good share that was on sale, but when reveille came they were up with the rest of the boys looking better and healthier than ever.

It has been reported around camp that Cook Brookins will give the men a surprise.

Taking it all in all the boys are having the finest times of their lives.

PRIVATE F. H. MITCHELL, Company L, Seventh Regiment.

## NO DYSPEPSIA OR HEARTBURN

Indigestion Goes and Your Stomach Feels Fine in Five Minutes

—You can eat anything your stomach craves without fear of indigestion or dyspepsia, or that your food will ferment or sour on your stomach, if you will take a little Diapiesin occasionally.

Your meals will taste good, and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes belching, dizziness, a feeling of fullness after eating, nausea, indigestion (like a lump of lead in stomach) biliousness, heartburn, water brash, pain in stomach and intestines or other symptoms.

Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapiesin really does all the work of a healthy stomach. It digests your meals when your stomach can't. A single dose will digest all the food you eat and leave nothing to ferment or sour and upset the stomach.

Get a large 50-cent case of Pape's Diapiesin from your druggist and start taking now, and in a little while you will actually brag about your healthy, strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Should you at this moment be suffering from indigestion or any stomach disorder, you can get relief within five minutes.

### COMPULSORY ARBITRATION

When lately discussing the proposition to compel organized labor and its employers to go into court and settle their differences the same as other people, the Press made the statement that the leaders of neither side would favor the plan, and that if it were ever put into force it would have to be done by a movement independent of them. It was stated that organized capital is now in a position where it is confident of victory, and hence does not wish to be hampered with restrictions. That the labor leaders are now drawing good salaries which would be entirely cut off, or greatly reduced, if their difficulties were settled according to law, and hence it would be a case of "Othello's occupation gone."

No doubt many who read this statement differed from it, but now comes a confirmation that must convince the most skeptical. We have it in the dispatches from Cleveland that the Brotherhood of Railway Trainmen has formulated and sent out a series of questions to be submitted to the various candidates for congress, among which is one asking their position on the question of compulsory arbitration, accompanied with the statement that railway workers are opposed to it.

The Register is of the opinion that the statement that "railway workers" are opposed to a legal adjustment of the differences between capital and labor is false, and does not do justice either to the patriotism or intelligence of "railway workers." That the leaders are so opposed as stated there can now be no question, but it will take more than their word to establish as a fact that the rank and file of the organization is.

The workers want permanent jobs and they must know that they can never have them so long as the war continues. The leaders also want permanent jobs and they know they will have them so long as the war continues. That is the situation, and as long as it continues the laboring men and the general public will have the bill to pay. If the war is allowed to take its regular course until the end comes by the surrender of labor, the whole world will then belong to the merciless giant, Capital.

We will all be his servants and no man can buy or sell except by his permission. It is coming to that now. We are confronted by the ultimate question of the ages that is coming to a final test in our day. There are three terminations possible, regulation by law, the rule of plutocracy or the destruction of society by anarchy.

### TO FRAME A CHARTER

A committee from Pomona has been visiting Long Beach and other cities with a view to getting pointers on a plan for a charter. This is all waste of time and money. The way to get up a charter is to send off and get copies of all the charters that can be had. Then cut them up by sections and deposit all the slips so made in a common receptacle. Shake well. Then blindfold the chairman and have him draw out one section at a time, which shall be at once pasted by the secretary in a scrapbook in the order they are so drawn. When you have enough in your scrapbook to make a good

## The Proposed Exposition Bonds A Guess at Attitude of Southern California

A meeting of the California Press Association was held in San Francisco Friday, Saturday and Sunday.

"The purpose of the meeting," as announced by President Richardson in calling it, was "to consider any business that may come before the association, and particularly to hear and consider the arguments pro and con in regard to the proposed state tax levy for the aid of the Panama-Pacific Exposition in 1915."

The editors were the "guests of the Exposition people," who, the call stated, "desire free and full discussion of the proposed tax levy to aid the fair, and are particularly desirous for those who are in doubt or opposed to the levy to attend. They want to hear all of the objections and know that the editors are close to the people and know how they feel."

There was a banquet Saturday night and the editor of the Register was invited to be one of the speakers thereat. Being unable on account of business engagements to leave home, Mr. Baumgartner sent President Richardson the following letter:

Mr. F. W. Richardson, St. Francis Hotel, San Francisco:

Dear Mr. Richardson: I was anxious and fully intended to be with you, but a very important and wholly unexpected business situation developed suddenly, pressing for immediate solution, which made it impossible for me to leave home. I wanted to attend the meeting, in a receptive frame of mind, to see if I could be convinced and enthused. I have not, as many Southern California editors have, assumed an attitude of active opposition to the bonds, but I cannot bring myself to record the proposition with favor, nor do I feel any enthusiasm over the exposition.

This, I believe, is the attitude of Southern California generally—at least it is the attitude of a majority of all those who are not radically opposed to the bonds and wholly indifferent to the exposition.

This attitude is not due to narrow-minded provincialism, nor to jealousy or prejudice or any yellow streak whatever; for there are no better people on earth than those of Southern California. They are not even excelled in high-heartedness and whole-souledness by the grand old

sized charter your work is complete. This is about the way most "up-to-date" charters are made, and it must be admitted that they are a howling success, with special emphasis, however, on "howling."

Argonauts and their descendants who compose the greater part of the population of Northern and Central California. No, the attitude I have described and attributed to the people of this section of the state is fundamental in its nature. It springs from a feeling of separativeness and disassociation—an elemental characteristic of geographical and topographical origin. It is involuntary in most part, and unconscious or sub-conscious in large part. The people of this section feel the same interest in the proposed exposition that the people of Arkansas would in an exposition proposed by Kansas City. The northern half of this state has its metropolis in its southern part, and the southern half has ITS metropolis in ITS northern part, thus creating at least a commercial separativeness that is hard to overcome. The rank and file of the people of Southern California feel toward the proposed San Francisco exposition, I fancy, very much as the rank and file of the northern part of the state would feel toward an exposition proposed for Los Angeles—as they DID feel towards the proposed San Diego exposition until it became a tail to San Francisco's kite.

In this connection I feel impelled to call your attention to the fact that the action of the Southern California Editorial Association at Santa Barbara was not representative of this section of the state. Only two or three editors from towns of from 5000 to 35,000 were in attendance. I am not hostile to the bonds and am actually friendly to the exposition; but as I understand the meeting to be called for a searching of hears, so to speak, here is mine on a platter, as it were.

This is the substance of the speech I should have made if I had been able to accept your kind invitation to speak at the banquet, and you are at liberty to use any portion or all of this letter, at your discretion. With greetings to all friends, and my compliments and thanks to the exposition managers and the people of San Francisco for their tender of hospitality, which I am denied the pleasure and profit of accepting, I am

Sincerely yours,  
J. P. BAUMGARTNER.

#### His Inspiration

"Isn't inspiration a queer thing?" "I suppose so. What about it?" "Why, a few weeks ago I had a red hot squabble with my wife over a dressmaker's bill, and when I came down to the office I was made enough to chew spikes. Then I sat down at my desk and wrote a little poem on 'Help the Erring Brother With a Single Kindly Word.' And say, those verses, born of bitterness and nourished by anger, have been copied in the leading newspapers all over the country! How's that?" "Fine. Why don't you improve on the idea?" "How?"

"Why, get mad enough to beat up your wife, set fire to the house, shoot a policeman—and then write an apic that will go thundering down the ages."

### WELL KNOWN VETERAN DIES AT SAWTELLE

SOLDIERS' HOME, Oct. 7.—Timothy Sullivan, commander of John A. Martin G. A. R. Post, died in the hospital this morning. He was 73 years old and a naval veteran. In the service he suffered wounds which were never fully healed and which sent him to the hospital for treatment at intervals during his long residence in the home.

Mr. Sullivan was awarded a medal for distinguished service in the war and was one of the foremost members of the home in patriotic celebrations.

#### Sand for Ducks

Some people have a notion that ducks and geese do not need grit because they are not seen picking up large particles of stone. They do not need as large a size of grit as hens do, for they get sand when puddling in the bottom of the creek and streams where they forage for weeds and fish. Ducklings should be provided with plenty of sand, which takes the place of grit. So thoroughly do some duck raisers believe in grit that they mix sand in the feed that they give their young ducks.

#### A Pass-It-Along Party

"In sending out your invitations to a Pass-It-Along Party ask your guests to bring with them some trifle that they do not want themselves, but that might be just the thing for some one else," says the Woman's Home Companion for October. "All sorts of misfits will turn up, from a Duplicate volume of verses to a pink necktie. These should be carefully wrapped and each guest must keep his package until the game begins and, in spite of all inducements, refuse to tell what it contains.

"When all is ready, they form a circle and some one plays on the piano. While the music plays the bundles are passed from one to another as quickly as possible, but when, suddenly, the music stops, each one must keep the package he is holding. Now comes a scurrying into corners, for each one must open the package that he drew without letting his neighbor see what it contains. If he is perfectly satisfied with his 'find' and decides to keep it, he drops out of the game. If not, he ties it up again, joins the circle and tries his luck once more. The music is played and the bundles passed again, and this is kept up until every one is well suited or until only two people are left in the ring. Then the gifts are compared, and it is surprising to see how well some of the 'exchanges' fit.

"It is well for the hostess to have an extra package or two in readiness, in case some of her guests should forget to come provided."

It makes the study hour one of delight rather than labor. It stimulates cheerfulness and ambition by means of heady competition and class environment. It develops the love of music, because the art is always shown in its beauty aspects.

It never allows the beginner to become weary or discouraged. It makes musicians of dull children who, under ordinary methods of instruction would almost surely fail.

It cultivates intelligence, accuracy of ear, rhythmic sense, muscular power, memory, rapid thinking, imagination, musical feeling, and the other faculties necessary to real success in music.

### Come Again, Odd Fellows

A large number of visiting Odd Fellows and their ladies went to Catalina this morning, a visit to that magic isle being a crowning finish to a week full of enjoyment.

As many courtesies have been heaped upon the visiting lodge men and ladies as they could take time to participate in, and on every hand can be heard words of appreciation of the splendid way in which Santa Ana has showered her hospitality upon them. In some respects they have had more genuine, if less showy, hospitality shown them here than at any previous encampment, so many of them say.

Santa Ana has been glad to entertain the Odd Fellows and Rebekahs and will give them a hearty welcome, individually or collectively, whenever they may visit this city. It has been a genuine pleasure to entertain so fine a body of men and women, whose pageantry has added to the pleasure of our citizens and whose appreciation of the carnival and their reception

has been so frequently and freely expressed.

### He Had to March

An amusing incident occurred yesterday during the L. O. O. F. parade on West Fourth street. As the local ranks were filing past the Santa Ana Paint Store, a halt was made by one of the officers, a sharp command given, a chorus of voices shouted, "fetch him out" and before the spectators realized what was happening a trio had rushed from the line and seized a fugitive, dragging and forcing him into the line of march, the victim being the proprietor of that establishment, F. H. McElree. Hatless, coatless and with sleeves rolled to the elbow, he was hustled down the line on double quick time until headquarters were reached, where he was released upon the promise to never again desert, defile or dishonor the ranks.

### "Y's" to Have Good Meeting

An unusually interesting meeting of the Santa Ana "Y's" will be held on next Monday evening at the home of the Misses Mabel and Clare Stennett, corner Parton street and Washington avenue.

After an address by Attorney Arthur E. Koepsel on "How a Legislative Bill Becomes a Law," the meeting will be organized into a mock legislature before which an Equal Suffrage bill will be introduced. Impromptu speeches in support of and against the bill will be made.

Special music, including a cornet solo by Malcolm Tedford and a piano solo by Miss Jean Stennett, will add to the interest of the evening, and the social hour will probably be occupied with games of special nature. All young people cordially invited.

### Faithful Santa Ana Ladies

The ladies of the different churches and the W. R. C. have done yeoman work in feeding the thousands of visitors who have thronged Santa Ana this week. Some of the faithful women have maintained eating places since the first of the week, and all have provided first class entertainment.

There has been no occasion for the visitors to the city to complain in any manner of the way in which they have been catered to in the way of refreshments.

## CONFERRED THE DEGREE

Big Crowd at Courthouse Yesterday Saw Impressive Ceremony Performed

Yesterday the degree of chivalry was conferred upon fifty ladies chosen from different Rebekah lodges over the state. General Ritter officiated, assisted by his staff and cantons from Riverside, Petaluma, San Francisco, Sacramento and Santa Ana. It was a beautiful spectacle, and was witnessed by a very large crowd of citizens, the courthouse lawn and the steps of the building being jammed with interested spectators.

The ritual work was done by Commander of the Department, General Ritter, and staff. Captain Dr. Dougall, of Los Angeles, was sentinel. Little Marie Wilson pinned the jewels on the candidates.

desire to thank the many friends who so loyally supported and patronized their enterprise this week.

### Is Garden of Eden

By the time this card reaches you we will be on our way home, the Garden of Eden of this continent. Kindly change address of paper and send it to our home on Valencia avenue, Santa Ana. Have had a most delightful trip, but find no place just like Santa Ana or Orange county. Yours Respectfully, C. H. PUMPHREY.

### PERSONALS

John Reed of Pomona, former foreman of the job department of the Register, was a visitor to the carnival. He returned to Pomona this afternoon. He is doing well in the job printing business at Pomona.

Albert Crawford of Van Ness, returned last evening from a trip to Iowa and Missouri. He was accompanied home by Mrs. Switzer, of Osceola, Iowa, daughter of W. D. Crawford. She will make a visit here of indefinite length.

Mrs. Eliza Crawford and daughter, Cora, of Long Beach, are the guests of the W. C. Crawfords of Tustin during carnival week.

Mrs. Perry and son Harry came down from Los Angeles yesterday morning to Orange, and after a day spent with friends there, came to Santa Ana last evening to remain over Sunday.

Rev. G. W. and Mrs. Pearl, and Miss Lucille Colocoid of Pasadena, are spending the week-end with Rev. and Mrs. A. F. Roadhouse.

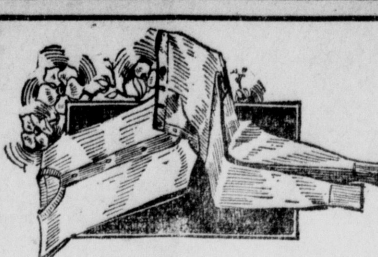

### AMUSEMENTS

#### The Queen Delighted

Queen Emeline I, and her maids of honor (Mr. and Mrs. Carl Strook chaperons), visited, as announced, the Temple Theater Friday afternoon. Manager Roberts had made everything possible for the comfort and pleasure of the First Lady of the Carnival and her party. The royal carriage and escorts drove up to the big play house promptly at 4 o'clock, where a great crowd awaited their arrival. Marshal Edwards and officers were there to keep back the surging mass of humanity, everyone wanting to get a good look at our beautiful Queen. After the royal party had entered the theatre "Jerry" was kept busy selling tickets. The Queen and her party were royally entertained, and fully enjoyed every one of the many numbers on the program, Queen Emeline expressing herself as being delighted with the gorgeous decorations in her honor.

Ladies of the Methodist church, South, are serving meals and lunches at all hours from 11 a.m. to 8 p.m., back of Turner's Shoe Store, Sycamore St.

## Men's Medium Weight Underwear at 50c

Surely you will be delighted with this Fall weight ribbed underwear. We buy this in case lots direct from the factory in New York—thereby giving you a better grade than the ordinary store can give, which has to buy from the coast jobber. That's an advantage of our two stores.

## TUSTIN TOO BUSY THIS WEEK FOR NEWS

Wedding Was Principal Event—Carnival Days Took All Attention

### Pretty Wedding

Sunday afternoon at 3 o'clock, at the home of the bride, Miss Rosa Whitney became the wife of Mr. John C. Wilds. The beautiful ring ceremony was performed by Rev. Allan Kennedy of the Tustin Presbyterian church.

The parlor where the ceremony took place, was a dainty and pleasant little bower of white and green, and the bride, in her simple white dress of silk and wool was as sweet a picture as one could wish to see, standing beside the stalwart young fellow who was to claim her as his own. They stood beneath a bell of white roses and the bride carried a lovely bouquet of white carnations.

After the ceremony ice cream and cake were served. The guests were relatives only and Mr. and Mrs. Frank Holmes, close friends of both the happy people.

After congratulations Mr. and Mrs. Wilds left for Los Angeles. Mrs. Wilds' going away gown was of brown with hat and gloves to match.

The honeymoon was spent in Los Angeles and Mt. Lowe. They returned here Wednesday then left Thursday for their new home in Santa Rosa where they have a ranch.

The best wishes of their many friends are extended on the beginning of their journey of happiness and prosperity.

### Tustin "Y" to Meet

The Tustin "Y" will meet Friday evening, Oct. 14, at the home of Mrs. W. L. Shatto. The subject will be "Suffrage," and an interesting program is assured. This will be the first meeting of the season.

Mr. and Mrs. E. M. Nealley have been busy this week with the Congregational ladies dinner served each day of the encampment and carnival.

Mr. W. Williams of Pasadena spent this week with his son, Mr. A. C. Williams and family.

Mrs. Ellis Smith is entertaining her mother-in-law, Mrs. W. G. Smith and a guest from San Gabriel today and over tomorrow.

Mr. and Mrs. Clover and children of Woodland were guests of Mr. Jasper Leck and family Monday. They are attending the Carnival.

Mr. and Mrs. E. M. Wheeler of Riverside were guests of the W. H. Comstocks and the Sparfields of Holt avenue this week.

Mrs. Jas. S. Rice was a guest Thursday night at a dinner given at Mt. Washington by Mrs. Paul Shoup.

### Spray Your Trees

Spray your trees, fruit or no fruit. It will take grit, grace and greenbacks to spray a tree without the fruit in sight. It's the next crop or crops that should interest you now. Be hopeful, be faithful, be timely, if you wish to be a successful orchardist.

The apple crop will be a short one in 1910 and not so evenly distributed as in 1909. Look for optimistic reports from the fellows who have axes to grind.

## DRAKE HURT IN RUNAWAY

Horse Became Frightened at Automobile—Driver Fell on Back of Head

D. Drake, an employee of the San Joaquin Fruit Co., was injured yesterday afternoon in a fall from a runaway rig. Just how serious the man's injuries are cannot be said at this time. Drake struck the ground upon the back of his head.

Drake was driving along a road near the fruit ranch when his horse took fright at an automobile and ran away.

## DANGER HAPPY AT HEARING FROM KING

VIENNA, Oct. 8.—Mlle. Gaby de Lys, King Manuel's favorite, today said she had received three cables offers from theatrical managers asking her to appear in New York the coming winter. The dancer said she would probably close contracts soon. She said: "I am happy, happy, happy, because I have heard from Manuel. His danger is not sufficient to make him forget me. He cabled me a love message from Gibraltar. I believe he will meet me in Paris on October 16. Then I will show him that although the people turn against him, I am loyal."

Mlle. des Lys refused to exhibit the cablegrams, saying, "They are too sacred."

Her Vienna contracts call for \$140 for each performance. She has demanded \$600 per performance from American managers.

### ZIEGFELD SECURES OPTION ON Mlle. DES LYS FOR YEAR

NEW YORK, Oct. 8.—Florence Ziegfeld, Jr., has announced that he has secured a one-year option on Mlle. des Lys's services, she appearing in America for \$500 weekly. He said:

"I consider her one of the most beautiful women in the world. I have known her personally for a long time and when abroad this summer I signed her for an engagement to open here Thanksgiving week."

"I never heard about her escapades with King Manuel before, but signed her because she is a beautiful woman, and an exquisite dancer and singer. I have cabled European representatives to learn whether or not she will be here according to contract."

"Mlle. des Lys is only twenty and is a natural blonde. Her name is linked with so many people that I couldn't keep track of them all. Though getting only a fair automobile salary, she has maintained twenty autos and lived in a style to make Rockefeller envious. But all the French chorus girls have it over the American girls for extravagant living."

### Concealed Value

"How did you manage to get all those potatoes safely into camp?" asked the Alaskan prospector. "By strategy," replied his partner. "I gilded them and the desperadoes thought they were nothing but nuggets."

Reo Breaks the Record from New York to San Francisco—What This Means to You.

The previous record was 15 days, 2 hours, 12 minutes, and it was a good one. It has stood three years in spite of many efforts to break it; for the speed required over all sorts of roads—and much of the way nothing but "desert tracks"—make the trip the severest possible accelerated test of endurance.

But at last the Reo tried it and smashed the record all to pieces—beat it by 4 days, 10 hours, 59 minutes, and beat it fairly and squarely. The Reo record is 10 days, 15 hours, 13 minutes.

Come, let us show you more about this wonderful car.

## EDISON TALK NO. 2

## EASTERN MONEY DEVELOPS OUR COUNTRY!

Good Service, Square Dealing and Courteous Treatment, are the principles upon which the Southern California Edison Company has become a factor in this community. In our last talk we explained our policy of square dealing with the public. We now wish to say a few words about square dealing with the Earners and Savers and small Investors throughout the United States, who have been square with us and enabled this Company to do a liberal share in the developing of Southern California. Within fifteen years we have brought from east of the Rocky Mountains nearly

## \$20,000,000

To build, install and operate the great heat, light and power system of the Southern California Edison Company. It is SECOND ONLY TO THE HUNTINGTON RAILWAY SYSTEM AS AN AGENT IN THE DEVELOPMENT OF THIS COUNTRY.

When the officers of this Company first undertook the herculean work of building up a system of public utilities that would make possible the growth of cities and towns and the development of agricultural lands, the Southwest was just recovering from a period of financial depression that had shaken the faith of Eastern investors.

The growth of cities and towns SEEMED PERMANENTLY CHECKED BECAUSE OF THE IMPOTENCY OF THE SMALL CONCERNS THAT WERE ATTEMPTING TO SUPPLY HEAT AND LIGHT IN THE COMMUNITIES WHERE SERVICE HAD BEEN ESTABLISHED.

In many of the cities and towns that have now become thriving communities THERE WAS NEITHER ELECTRIC OR GAS SERVICE. Without these necessities of life, the expansion of the towns and communities which could not guarantee a first-class utility service, WAS HOPELESSLY CIRCUMSCRIBED. People were coming into the country. In every direction they saw cities, towns and farm lands which attracted them. All save a portion of the city of Los Angeles WERE WITHOUT ADEQUATE GAS AND ELECTRIC SERVICE. Many had no service whatsoever.

A few local capitalists who had faith in Southern California organized the Edison Electric Company with their own money, and then by dint of untiring efforts, CONVINCED THE BIG BANKERS OF THE EAST THAT THE STOCKS AND BONDS OF THE COMPANY WERE SECURE AND SOUND. These bankers underwrite the bonds of the Company and guarantee to the SAVERS AND EARNERS OF THE EAST THAT THEIR SMALL SAVINGS SHALL BE RETURNED TO THEM WITH REASONABLE INTEREST.

It is a part of the PRINCIPLE OF THE SQUARE DEAL that we make good these pledges to the man or woman WHOSE LITTLE BANK ACCOUNT IS REPRESENTED IN THE SPLENDID SERVICE WHICH WE ARE GIVING YOU. TO MAKE GOOD TO THEM, WE MUST MAKE GOOD TO YOU, BECAUSE to retain your patronage we must GIVE YOU THE BEST OF SERVICE.

IF OUR SERVICE IS SATISFACTORY, TELL OTHERS. IF NOT TELL US.

## OUR WASHINGTON LETTER

WASHINGTON, Oct. 7.—Those wise birds of the Treasury Department, the national bank examiners under a plan devised by Lawrence O. Murray, comptroller of the currency, hold district meetings for discussion of the best methods for handling hard problems in their work. In their investigations they are expected to find bad loans, law methods, embezzlement skillfully hidden in the records, or possible violation of the many laws governing the national banks.

At a recent meeting Charles H. Meyer, national bank examiner for Chicago, told how best to round up the bills receivable in a bank. As to the use of an adding machine, he remarked:

"This adding machine list must always be run by the examiner himself, as we are all familiar with the ease with which one can be fooled by 'plugging' the machine."

"The methods to be pursued," he said, "in determining the standing of the various borrowers, and the value of all lines granted, are matters with which all are familiar, but going over the bills in the presence of the board of directors is, as we all know, one of the safest and best methods of arriving at 'sore spots'."

especially in country banks, for you will invariably find some director from among the board, who seems to be learning something new while you are doing this, and he will be the man who assists you most.

"I think my fellow examiners will agree with me that something akin to a sixth sense is necessary in determining the value of a bank's paper. I need only cite a case which our chairman, Mr. Rorebeck, told of a few days ago to illustrate this: In going over the bills, a certain examiner was impressed by the fact that a certain line of notes was not creased, this being a country bank where so many notes are signed, folded up, put into a pocket-book, and then brought to the bank. The examiner's 'sixth sense' got to working over-time, and an investigation developed the fact that the notes had been filled out in the bank, and the signatures forged by one of the officers."

The flying film of the moving pictures has cast its lure upon the Turk as well as upon the people of more enlightened climes. Consul George Horton says in a report:

"There are four moving picture

shows in operation in Salonika, and another is soon to be opened. About 3500 people attend these shows nightly, paying an average admission fee of two piasters (8.8 cents). The films are obtained in Italy and France, and are mostly rented from the concerns that furnish them.

"The most popular films are those that tell a story in a series of scenes either sentimental or humorous. Timely pictures of events that have attracted public attention also draw big crowds, as for example, King Edward's funeral. At one time American films were in use here, representing hunting scenes, battle ships, etc., but these have entirely disappeared.

"Cinematograph shows are popular in the other big towns of this district, and it may be said that the business is booming. There are no regular theaters in any of these towns and moving picture shows have the amusement field practically to themselves. There is no reason why Americans should not get their share of this business if they would take the trouble to look after it."

An ineffectual effort by a commissary officer in the army to multiply 420 by 15 has caused some extra work for officials of the War and Treasury departments. The commissary officer, who has charge of food supplies, sold 420 bottles of tomato catsup at 15 cents a bottle and entered the amount in his account as \$6.30. When his reports reached the auditor of the War Department the keen eye of an alert clerk lit on the catsup item. He reached for pencil and paper, wrote 15 under 420 and by a careful mathematical operation proved that the receipts of the government for the catsup were, in fact, \$63. The error was referred to the comptroller of the Treasury, who ruled that the difference of \$56.70 should be charged against the officer.

WASHINGTON, Oct. 7.—Warm discussions carried on in congress over the adjustment of Santo Domingo's debt and the asphalt trust's operations in Venezuela, it is said, will be substantially repeated next winter on the question of the relation of high finance to Central American revolutions.

Stories told by men who drift in to Washington from the little republics are to the effect that rarely, if ever, do political or patriotic motives enter into the contest. The underlying cause of the commotion is given as either the greed of local money lenders and holders of special privileges or foreign capitalists with an itching for extraordinary profits.

Revolutions are costly and the leaders are men without money but the possessors of ambition for governmental power because of the opportunity it offers for graft. The armies are supported by supplies taken from plantations and tribute exacted from rich men.

In other cases money lenders, having no influence with the existing government, have quietly supported the revolutionists and taken the chance of liberal repayment in the event of victory.

While no proof was ever made public a report was circulated that in the recent Nicaraguan affair, money was advanced to Estrada by a New York concern. Now it is said that Estrada, installed as president, proposes to fund the public debt which means that a new set of creditors will be given a share of the revenue of the country.

An uprising is reported as being imminent in Honduras on account of an arrangement by President Davila with J. P. Morgan & Co. of New York, whereby the banking firm could make a loan to clear up old debts. Before the agreement had been signed the people were aroused to the point of riot and they threatened to depose Davila if he executed the contract. Powerful interests in Honduras on the other hand threatened to remove him if he failed to perfect the Morgan agreement.

There is an element in congress opposed to this government mixing up in the financial affairs of the effervescent republics as may happen if the creditors are Americans, and a protest is expected against support being given the money lenders.

Santo Domingo was bled to the point of bankruptcy by the money lenders. For a time there was a rapid succession of presidents in the island republic. No term was so brief, however, that the president could not negotiate big loans at an extravagant rate of interest before he was driven back to the woods. Little of the money was devoted to the public service. It is alleged. A few years ago the claims of creditors amounted to about \$32,000,000 the interest on which was wholly beyond the ability of the people to pay.

An American commission investigated affairs and reduced the claims to about \$18,000,000, an indication that \$14,000,000 of the alleged debt was without just foundation. One of the biggest financial houses in New York advanced money to clear away all the old debts. Americans were placed in charge of the customs so that the revenue would be accounted for and divided nearly equal between the new creditors and the government. The debt is gradually being paid but the fear has been expressed that when it has been wiped out and the American collectors recalled, the old conditions will be restored in the republic.

(Continued from Page One)

the machine and the class numerals were shown behind. Those in the auto beside young Livezey were Irving Burns, and Misses Marie Harris and Ramona Clevenger.

D. F. Field had an auto of peppers and sunflowers.

There were many well decorated horses. Guy Somerville's horse was decorated with smilax and roses; Somerville Thomson, plumage and fern; Miss Clarice Keefe, ivy and geraniums; W. J. Lindsey, bougainvillea and sunflowers; Dorothy Twist, sunflowers, fern and smilax; Jean Robertson, sunflowers and plumbage; Ruth Lemon of Anaheim yellow dress; Walter Robinson, sunflowers; Delbert Johnson, the "sheriff" on his Shetland.

William Patterson of Bolsa rode in sombrero and leather chaps. His pin to horse was decorated with smilax and red, white and blue flowers.

Miss Anna Sharkey of Cypress, black pony decorated with collar of red geraniums and ferns. The little miss was gowned in black with broad yellow sash. The saddle was also trimmed with yellow and the horse's accoutrements were hung with strings and tassels of silver tinsel.

### Off for a Hunt.

Will Jeffries of the San Joaquin, and Geo. Spangler of Santa Ana.

leave tonight for Flagstaff, Ariz., where they will spend a month hunting. Big game is what they seek, and deer, bear, rabbits, quail and other ferocious wild animals will be laid low as fast as encountered. The boys even hope to bring a few rabbit skins home to fill the orders pouring in from their friends.

### Spider-Web Suits

Now that the hot weather is with us again it might pay some enthusiastic tradesman to revive the manufacture of costumes from spiders' webs, which at one time served to make a cool and attractive fabric. The first person to use the webs in this way was a Montpelier merchant named Bon. Louis XIV. himself designed to appear in a spider-web suit, with gloves and stockings of the same material, and several of his court followed his example. The fashion was at its height from 1709 to 1711. But the spiders appear to have struck work, or perhaps they were swept down by conscientious housemaids. Anyhow, you would hardly get a spider suit today.

### Both Busy

"We were sweethearts once. I have always intended to marry that girl." "And why haven't you?" "Well, so far, we have never happened to be unmarried simultaneously."

## AWARDS MADE FOR POULTRY

List of Place-takers Among  
Barnyard Fowls at  
The Carnival

The poultry show is a great success. That is easy to say about any kind of a show, but every word of the sentence should be taken to mean exactly what it says. Yesterday representatives of five different poultry journals looked the show over, and declared it was a fine exhibition. The judge, Tyler of Los Angeles, said the show was as good as the state fair. Petaluma visitors were enthusiastic, and Petaluma people know poultry when they see it.

There are over 600 birds in the show, and a fine lot of birds they are. The management is first class—the very best.

George Wilcox of Buena Park has a lot of fancy birds, such as pheasants, wood ducks, etc., that are beauties to look upon.

## SEATTLE'S MAYOR MAY BE RECALLED

Charged With Incompetency  
and as Being Menace  
To the City

SEATTLE, Oct. 8.—The Public Welfare League this afternoon circulated a recall election petition for the purpose of removing Mayor Hiram Gill, whose election followed his promises to administer his office on a business basis. The petition charges Gill with being unfit and incompetent of making improper appointments, of failure to enforce the laws, as harboring criminals, and with being a general menace to the city. It is reported that Police Chief Wapenstein has already written his resignation, and is only waiting an opportune moment to hand it to the mayor.

### DENY LICENSE TO HOTEL

Redlands Trustees Forbid Liquor Being Served by the Casa Loma

REDLANDS, Oct. 7.—The Redlands city trustees have refused to grant to the Casa Loma Hotel a license to serve wines and liquors with meals, the three trustees elected on the Good Government ticket in the recent election stating that they would not consider granting such a permit, when it was understood by the voters that they would refuse any drug store or hotel permits.

Attorney E. B. Patterson, representing the hotel, made a request for the hotel, stating that refusal will mean the closing of the hotel during the summer months.

### Tarkington's Charm

Booth Tarkington, the well known playwright and novelist, is very fond of children, and has a particularly fascinating way with them. That is a lucky child, indeed, whom Mr. Tarkington takes on his knee and regales with one of his dainty fairy tales.

A little Indianapolis girl, a journalist's daughter, made Mr. Tarkington's acquaintance last year. Her uncle, heretofore a favorite, called at her house at about this time, and was treated rather coolly by his pretty little niece.

"Why, Madge," he said, "don't you like me any more?" "Oh, yes," said the little girl, "I like you; but, to tell you the truth, Mr. Tarkington has spoiled me for other men."

### The Guarantee

Apologies of the superb additions to the Metropolitan museum in New York, F. Hopkins Smith said at a dinner at Delmonico's:

"They are good works, too. They are all good works. Not like our American Rembrandts. I am afraid that most of our millionaires bought their Rembrandts too carelessly—much as Gobsa Golde bought his. Gobsa Golde, accompanied by his daughter, Miss Lotta, picked out a Rembrandt at a foreign dealer's, and then before planking down the cash, said very sternly:

"Now, see here, sir, do you guarantee this Rembrandt?"

"Yes, Mr. Golde," the dealer replied, "A seven years' guarantee goes with the canvas."

"Oh, very well," said Gobsa, mollified, and he took out his book and fountain pen."

### Only Cause for Smoking Out.

A New York youngster who lives in a neighborhood where disease makes frequent fumigations necessary returned from his first visit to the country with the astonishing information that Farmer Jones' coons and woodchucks had been laid up with scarlet fever. The summer teacher abhors nature faking, so she admonished him not to tell fibs.

"But that ain't no lie," said he. "Didn't I see the tree they lived in wid me own eyes, an' didn't I hear Mr. Jones tell how he had had to smoke 'em out?"

### Had Nothing On Noah.

Noah was inspecting the animals as they trooped into the ark.
